

# ENERGY CUP

BALANCE  
ENERGIZE  
REFRESH

The Juuva Energy Cup provides a unique technology that converts everyday drinking water into ionized and alkaline water. This alkaline water enhances the bloodstream's ability to carry oxygen throughout the body.\*

## Why Alkaline Water?

- Effectively and deeply hydrates the body by reducing water molecule clusters making the water easier to absorb and digest.\*
- Promotes increased energy levels.\*
- Supports balance and flexibility.\*
- Neutralizes free radicals, reduces oxidation and diminishes signs of aging.\*
- Supports immune health, digestion, metabolism and brain functions.\*

## Energy Cup Features

- Constructed of stainless steel.
- Contains two stainless steel filters through which water passes creating a micro-electrolysis reaction that alters the acidity of the water.
- Converts acidic drinking water into ionized, alkaline water.\*
- Convenient and portable size: Holds 10 ounces of water.
- Number of usages: Over 5000 (400 gallons of water)

Most of the drinking water in the United States is unnaturally acidic and has a negative impact on your health, your household and your wallet. Acidic water may damage your cells, dehydrate your body and allow undesired consequences to proliferate. The Energy Cup's unique and portable filtration technology converts everyday drinking water into ionized, alkaline water with powerful antioxidant properties. It further helps micro-cluster the size of the water molecules for better hydration.\*

## Energy Cup Components

*The Energy Cup contains health-promoting minerals with biological functions\* and utilizes micro-electrolysis technology.*

**Water Molecule Subtiliser:** conveys water into finer water molecules which makes drinking water taste sweeter.\*

**Water Alkalize Bead:** turns normal tap water into alkalized water, from pH 5.0 to 9.5 and improves acidic constitution.\*

**Chloride Elimination Bead:** effectively reduces chloride contents from normal tap water.\*

**Tourmaline Stone:** aids in detoxification, emits negative ions and far-infrared rays.\*

**Zeolite Stone:** easily absorbs free radicals and viral particles causing it to act like a very unique antioxidant.\*

**Maifanshi Stone:** may help to better absorb mineral nutrients, eliminate toxic substances and regulate metabolism.\*

**Muyu Jade Stone:** contains minerals that detoxify and is an anti-fungal.\*

**Nano Silver Powder:** helps to promote repair of damaged epithelial cells and acts as a great anti-bacterial agent.\* This powder does not come in contact with the water.

**Clay:** is a natural absorbent. It can treat various skin problems and may neutralize poisons in the intestinal track helping with food allergies and digestive problems.\*

**Anion Energy Powder :** proprietary blend of scalar enhanced energy powder. *This Energy Cup is the only cup on the market utilizing this technology.*

***Shake 10 ounces of water in you Juuva Energy Cup, pour and enjoy!***

***Increase the number of servings you drink as wanted.***
